

Jose Sanchez

hi@josesanchez.dev

Education

DePaul University, Chicago, IL

2021-2026

- Major: BS in Computer Science
- Graduation Date: June 2026

Whitney Young Magnet High School

2017-2021

Skills

- *Languages:* Java, JavaScript, Python, Rust
- *Framework:* React.js, Node.js, Nest.js, Express

Experience

Software Development Intern, Vail Systems, Chicago, IL Spring 2022 - July 2026

- Worked with a team on full-stack development work across varied projects, using NextJS, React-Admin, and Nest, and testing with Jest.
- Wrote documentation on server and client work, including openAPI specs.
- Coordinated with others to work on Jira tickets, research, and decide on technologies to implement based on business requirements.

Software Development Intern, iManage, Chicago, IL Spring 2022 - November 2022

- Created components for a UI library used in internal and public projects.
- Attended workshops on software development concepts like data science/statistics, cybersecurity, Docker, and practiced these concepts in small projects.
- Supported less-experienced team members by providing instruction and leadership on Angular concepts and JavaScript functions.

Projects

DD-App | [Next.js](#), Docker, Drizzle

- App styled around a food delivery service, meant to highlight web technologies and to be a template for Docker/future Kubernetes learning.
- Uses Keycloak, Docker, Next, and NextAuth.
